THE MENU

Finestra

A GLIMPSE OF ITALY. A CORSICAN SOUL.

In June 2023, an encounter gave birth to Finestra.

Italo Bassi, an Italian chef with a Michelin-starred background, met Edoardo Menna, a young Italian talent trained in prestigious French establishments. Together, they create a free, sincere cuisine deeply inspired by the Mediterranean. Alongside them, pastry chef Maria Elena Cugusi extends this emotion with delicate precision.

Finestra is a table oriented towards the South, drawing from regional traditions to craft contemporary dishes. A cuisine of character, elegance, and authenticity, where each ingredient tells the story of a craftsman, a season, and a place.

In Spring 2025, the Michelin Guide awarded Finestra its first star, making it the first Michelin-starred restaurant in the cliffside city.
